Located off the coast of North Africa and only a few hours' flight from the metropolises of mainland Europe, GC is one of Europe's most popular travel destinations. With an average temperature of 25°-30° C in summer and a pleasant 20° C air and water temperature in winter, you can soak up the sun here all year round on miles of sandy beaches and impressive dune scenery. Not only surfers, divers, bikers and golfers get their money's worth from the huge range of sports and leisure activities on offer; hiking through impressive landscapes, a visit to the beautiful typical fishing villages or a dolphin and whale watching tour also provide unforgettable experiences.

By the way, Gran Canaria - especially Playa del Inglés - is a paradise for gays. There is hardly a comparable place in the world that caters to the expectations and wishes of the LGBT scene in such an intensive, numerous and diverse way. Most of the hotels, apartments and bungalows are gay friendly, many of them even gay exclusive. The Yumbo Shopping Centre is an attraction for shopping, which in the evening turns into the world's largest center for gay nightlife...

TIP: A visit to the island's capital Las Palmas with its numerous colonial sights is an absolute must!

Situada frente a la costa norteafricana y a sólo unas horas de vuelo de las metrópolis de la Europa continental, GC es uno de los destinos turísticos más populares de Europa. Con una temperatura media de 25°-30° C en verano y unos agradables 20° C en el aire y el agua en invierno, aquí podrá tomar el sol durante todo el año en kilómetros de playas de arena e impresionantes paisajes de dunas.

No sólo los surfistas, submarinistas, ciclistas y golfistas sacan provecho de la enorme oferta deportiva y de ocio; también el senderismo por impresionantes paisajes, la visita a los bellos pueblos pesqueros típicos o el avistamiento de delfines y ballenas proporcionan experiencias inolvidables.

Por cierto, Gran Canaria -especialmente Playa del Inglés- es un paraíso para los homosexuales. Difícilmente existe un lugar comparable en el mundo que satisfaga las expectativas y deseos del colectivo LGBT de una forma tan intensa, numerosa y diversa.

La mayoría de los hoteles, apartamentos y bungalows son gay friendly, muchos de ellos incluso gay exclusive. El centro comercial Yumbo es una atracción para ir de compras, que por la noche se convierte en el mayor centro de vida nocturna gay del mundo...

CONSEJO: ¡Una visita a la capital de la isla, Las Palmas, con sus numerosos monumentos coloniales, es absolutamente imprescindible!

Vor der Küste Nordafrikas gelegen und nur wenige Flugstunden von den Metropolen des europäischen Festlandes entfernt ist GC eines der beliebtesten Reiseziele Europas. Bei durchschnittlich 25°-30° C im Sommer und angenehmen 20° C Luft- und Wassertemperatur im Winter kann man hier an kilometerlangen Sandstränden und beeindruckender Dünenlandschaft das ganze Jahr über Sonne tanken.

Beim riesigen Sport- und Freizeitangebot kommen nicht nur Surfer, Taucher, Biker und Golfer auf ihre Kosten; auch das Wandern durch eindrucksvolle Landschaft, ein Besuch der wunderschönen typischen Fischerdörfer oder eine Delphin- und Walbeobachtungstour sorgen für unvergessliche Erlebnisse.

Ganz nebenbei ist Gran Canaria - vor allem Playa del Inglés - ein Paradies für Gays. Weltweit gibt es wohl kaum einen vergleichbaren Ort der so intensiv, zahlreich und vielfältig die Erwartungen und Wünsche der LGBT Szene bedient. Die meisten Hotels, Apartments und Bungalowanlagen sind gay friendly, viele davon sogar gay-exclusive. Das Yumbo Shopping Centre ist ein Anziehungspunkt für Shoppens, welches sich abends dann in das wohl weltweit größte Center für Gay-Nightlife verwandelt...

TIPP: Ein Besuch der Inselhauptstadt Las Palmas mit seinen zahlreichen colonialen Sehenswürdigkeiten ist ein absolutes Muss!

Située au large des côtes d'Afrique du Nord et à quelques heures de vol des métropoles d'Europe continentale, la GC est l'une des destinations de voyage les plus populaires d'Europe. Avec une température moyenne de 25°-30° C en été et une température agréable de 20° C pour l'air et l'eau en hiver, vous pouvez profiter du soleil ici toute l'année sur des kilomètres de plages de sable et d'impressionnants paysages de dunes.

Les surfers, les plongeurs, les cyclistes et les golfeurs ne sont pas les seuls à profiter de la vaste gamme d'activités sportives et de loisirs proposées; les randonnées à travers des paysages impressionnants, la visite des magnifiques villages de pêcheurs typiques ou l'observation des dauphins et des baleines constituent également des expériences inoubliables.

À propos, Gran Canaria - en particulier Playa del Inglés - est un paradis pour les gays. Il n'existe guère d'endroit comparable dans le monde qui réponde aux attentes et aux souhaits de la scène LGBT de manière aussi intensive, nombreuse et diversifiée.

La plupart des hôtels, des appartements et des bungalows sont adaptés aux gays, et beaucoup d'entre eux sont même exclusifs aux gays. Le centre commercial Yumbo est une attraction pour le shopping qui, le soir, se transforme en le plus grand centre de vie nocturne gay du monde...

CONSEIL: Une visite de la capitale de l'île, Las Palmas, avec ses nombreuses curiosités coloniales, est un must absolu!

Columbus, a trip to the past

 Visit numerous points of interest in the old town of Las Palmas, in the neighborhood of Vegueta and Triana: The *Casa de Colón* museum dedicated to the discoverer, and the *Ermita de San Antonio Abad* (where the marine prayed before based on their trip); contemporary art museums (in *Centro Atlántico de Arte Moderno* and *San Martín Centro de Cultura Contemporánea*), the *Museo Canario*, where you can see mummies and Aboriginal traces of their culture; and the *Casa-Museo Pérez Galdós*, dedicated to the universal figure of the canary writer, whose presence is still

palpable in the city (with a theater that bears his name, several monuments and even a whole neighborhood, that of Schamann, in the Upper Town whose streets and squares are baptized with the names of his novels and characters.

The imposing *Catedral* and the *Casas Consistoriales* make the *Plaza de Santa Ana* one of the biggest attractions of the Atlantic capital and, don't forget to stop by at the *Castillo de Mata*.

British quaintness and fingerprints

Road to Playa de Las Canteras, visitors can enjoy a stop in the architectural complex of the *Pueblo Canario*, designed in the late thirties by the modernist artist Néstor Martín-Fernández de la Torre, which includes a museum dedicated to the work

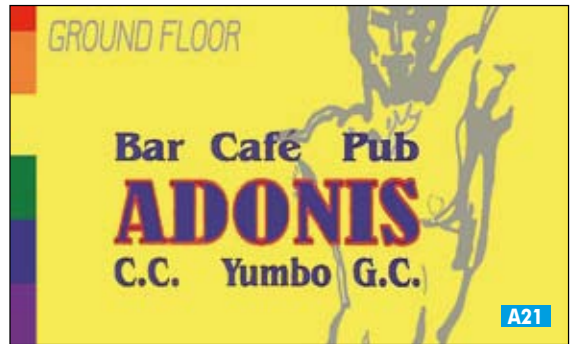

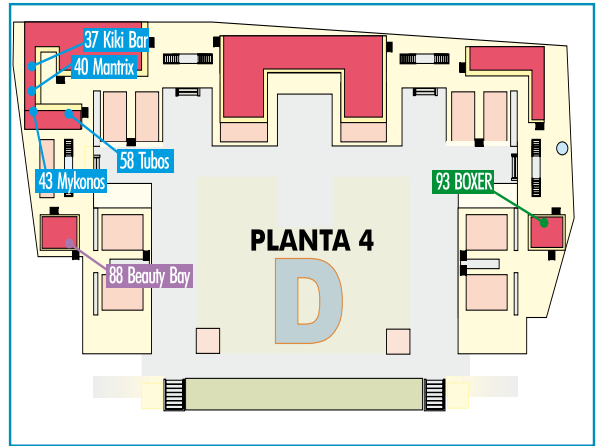

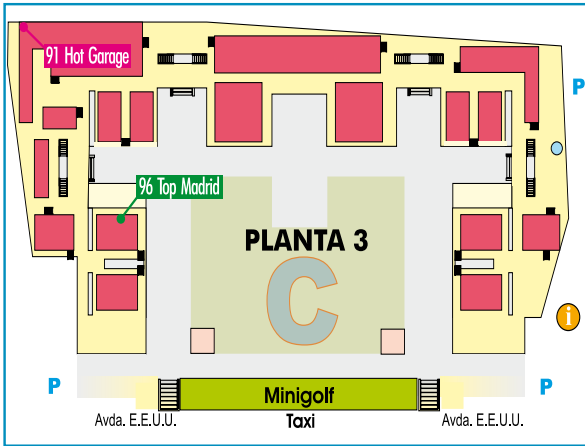

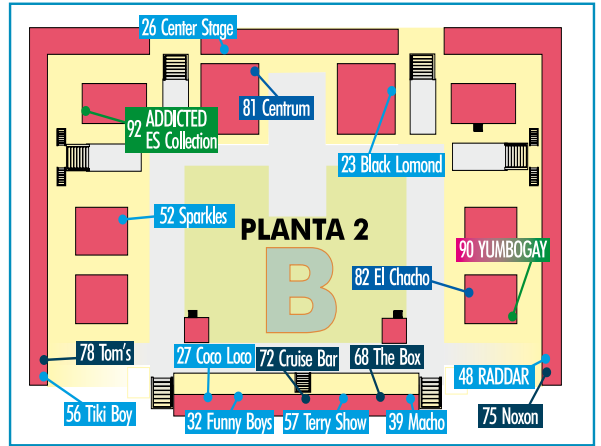

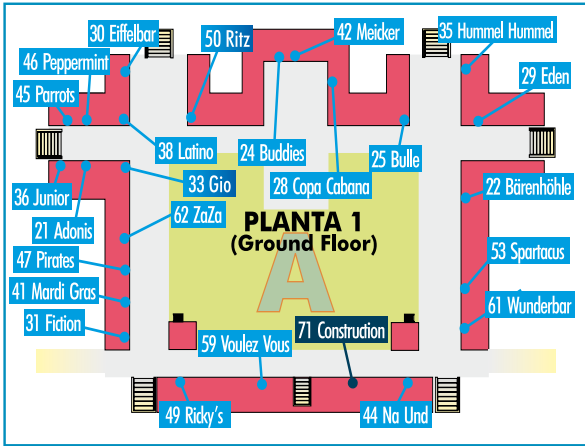

of this singular painter and promoter of quaintness canary. Or pause in the current municipal offices, the old Hotel Metropole, where still remembered with a plaque passage of a distinguished guest in the decade of the 20s: the British writer Agatha Christie.

Ocean City

Already in the Isthmus, the visitor finds aside *Las Canteras*, one of the best urban beaches in the world, and the other, the main cruise port in Spain during the winter season, the Puerto de La Luz and Las Palmas. The average annual temperature in the city (21 degrees) make the ride grateful for all seasons for these enclaves, open to the sea and dressed with singular points, as the *Museo Elder de la Ciencia y la Tecnología*, the *Mercado del Puerto* (whose design is attributed to engineers from the Eiffel firm in the late nineteenth century), the spectacular *Auditorio Alfredo Kraus* or *Martín Chirino Foundation*, which has been installed in the old fortaleza del *Castillo de La Luz*. In addition you will find a special tourist information point in the Parque Santa Catalina: la Casa del Turismo, also designed by Nestor in the 30's.

FRIENDS NAVIGAYTOR® About Us

 Since 1995 we have been creating, producing and distributing our travel guides for the LGBT+ community. For a long time, these were published in folded map format and were distinguished by their presence and display in well over 1,000 international scene locations and distribution sites. Our distinctive orange displays contain not only the respective regional guides but also all other national and international editions, making them a helpful travel planner and at the same time a practical travel companion - when it's time to go.

This worldwide unique distribution network is well-known in the scene and our guides continue to enjoy great popularity. Numerous comments such as „We grew up with your maps“ have confirmed our work over the years and show the durability of our product.

Even though the Internet, smartphones and apps have naturally reduced the demand and circulation of our guides, we were able to position ourselves excellently in the market until the beginning of 2020. COVID then initially meant a standstill in production and sales, but not in development.

Adapting to the needs of our users and customers, we created a revised layout and design for Friends NAVIGAYTOR® - while retaining the final format and the previous content. The new appearance in the form of a brochure now allows us not only to present regional excursion destinations and tourist hotspots, but also to provide an informative supplement with editorial articles, impressions and recommendations, some of which may also contain advertising messages and are then published as so-called advertorials.

We would like to take this opportunity to express our special thanks to our advertisers who have supported us over the years and made this project possible in the first place through their advertising. So if you have become aware of venues through advertising in Friends NAVIGAYTOR®, please let them know. Your feedback is always welcome and greatly appreciated. Thank you!

DEUTSCHE EICHE THE HEART OF MUNICH'S GAY SCENE

Advertorial

 Deutsche Eiche - the largest and probably most visited gay-oriented hospitality establishment of Central Europe. Nestled in the heart of beautiful Munich, the Deutsche Eiche combines a stylish boutique hotel, one of Central Europe's largest and most frequented gay saunas, a quintessential Bavarian restaurant with both traditional and modern cuisine and a rooftop bar with stunning views and occasional parties.

If relaxation and rejuvenation are what you seek, the Deutsche Eiche's Men's Sauna is the perfect escape. Spanning an impressive 2,000 m2 on four levels, this trailblazing sauna complex is one the largest and best known of its kind in Central Europe. Enjoy the soothing steam bath, unwind in the Finnish saunas, or take a dip in the Jacuzzi. For a more tranquil experience, the relaxation room and massage studio await, providing a serene retreat from the bustling city.

The sauna bistro offers a delicious selection of refreshments and locally cooked full meals, perfect for recharging after your sauna session. For those looking to explore more adventurous aspects of their visit, the complex cruising areas offer a welcoming and discreet space. With a large and small darkroom, a porn cinema, private rooms, slings, and BDSM corners, there's plenty of space to explore your desires.

With over 10,000 male visitors each month, the Deutsche Eiche sauna is already a highly popular destination. And there's more to come - the sauna complex is set to expand with a vast new event space, opening in 2025. No visit to the Deutsche Eiche would be complete without a trip to the rooftop bar. Offering breathtaking panoramic views of Munich's historic Old Town and the majestic Alps, this weatherproof terrace is a must-see.

The Deutsche Eiche's 3-star superior hotel offers 36 elegantly designed rooms, all of which were completely renovated in 2023. The rooms are outfitted with high-quality materials from renowned brands, ensuring a stay that's both comfortable and luxurious. As a male hotel guest you can buy a discounted day pass to the adjacent sauna, with unlimited access.

Whether you're want to have fun, relax, dine, or simply take in the sights, the Deutsche Eiche welcomes you with open arms and is THE number one gay spot to visit during your stay in Munich.
